

## DEMONSTRATIONS ONGOING OR PLANNED FOR NEXT QUARTER

Solici- tation/ Media	Developer	Technology	Location of Demonstration	Project Manager	Scheduled
HSA 02a  S	Argonne National Laboratory East Ray Hirschman Christina Negri	Phytoremediation of Radionuclides	ANL-E Argonne National Lab- East (Region 5)	Steve Rock 513-569-7149	Final sampling plan for Fall 2001. Ongoing.
HSA 04 S	Army Corps of Engineers	Phytoremediation	Jones Island CDF, Milwaukee, WI (Region 5)	Steve Rock 513-569-7149	First growing season complete. Two year demonstration. Ongoing
009  S	Electrokinetics, Inc. Baton Rouge, LA Elif Acar 504-388-3992	Electrokinetic Extraction	Fort Polk, LA (Region 6)	Randy Parker 513-569-7271	Demonstration on hold. Exit candidate.
009  S	Geokinetics Stephen R. Clark 510/704-2940	Electrokinetics for Lead Recovery	Naval Facility Pearl Harbor, HI (Region 9)	Thomas Holdsworth 513-569-7675	Demo currently ongoing.
HSA 02  GW	Harding- Lawson Engineers Wakefield, MA Willard Murray 781-245-6606	In Situ anerobic- aerobic bioremediation of chlorinated solvents	Fisherville Mill Site Grafton, MA (Region 1)	Paul dePercin 513-569-7797	Field testing continuing. Ongoing.
DNAPL Consort- ium  S	IWR Dave Parkinson 805-565-0996	Dynamic underground stripping of TCE	Cape Canaveral, FL (Region 4)	Tom Holdsworth 513-569-7675	Began Site preparation Winter 2001. Demonstration started June 2001. Ongoing.

SED = Sediment, S = Soils, GW = Groundwater, SW = Surfacewater, A = Air, FR = Fractured Bed-Rock

## DEMONSTRATIONS ONGOING OR PLANNED FOR NEXT QUARTER

Solici- tation/ Media	Developer	Technology	Location of Demonstration	Project Manager	Scheduled
HSA 02 (1)  S	Micro-Bac International, Inc. Round Rock, TX Todd Kenney 512-310-9000 X-19 Biological Products, Inc.	Microbial Degradation PCBs	Lower Colorado River Authority Electrical Substation Goldtwaithe, TX	Ron Herrmann 513-569-7741	Biodegradation underway. Sampling is continuing. Ongoing.
(2)  S	Santa Clara, CA Paul E. Gill 408-970-9485	Microbial Degradation PCBs			
HSA 03a  SED	Minergy Neenah, WI Terry Carroll 920-727-1411	Glass Furnace Technology	Fox River, WI (Region 5)	Marta Richards 513-569-7692	Demonstration completed, waiting for laboratory results. Bulletin in preparation.
HSA 004  S/ GW	Steam Tech Environmental Services Bakersfield, CA Hank Sowers 661-322-6478 Fax 661-322- 6552	Steam Enhanced Remediation	Ridgefield, WA (Region 10)	Marta Richards 513-569-7692	QAPP under review. Demonstration planned for late Fall 2001.
HSA 001  GW/ FR	Steam Tech Environmental Services Bakersfield, CA Hank Sowers 661-322-6478 Fax 661-322- 6552	In-Situ Thermal (Steam Injection)	Loring AFB Caribou, ME (Region 1)	Paul de Percin 513-569-7797	QAPP developed, Demo Summer 2002. Preliminary field work underway. Ongoing.

SED = Sediment, S = Soils, GW = Groundwater, SW = Surfacewater, A = Air, FR = Fractured Bed-Rock

## DEMONSTRATIONS ONGOING OR PLANNED FOR NEXT QUARTER

Solici- tation/ Media	Developer	Technology	Location of Demonstration	Project Manager	Scheduled
HSA 02a  S	Terra Therm LLC Ralph Baker 978-343-0300 Fax 978-343-2727 email: rbaker@terrath erm.com	In-Situ Thermal	Rocky Mountain Arsenal (Region 8)	Marta Richards 513-569-7692	QAPP endorsed, demonstration to begin Fall 2001.
GW	University of Connecticut George Hoag 860-4866-2781	Permanganate/ Persulfate Oxidation treatment for PCE	Roosevelt Mills Vernon, CT (Region 1)	Paul Randall 513-569-7673	Preparing QAPP for Treatability Testing.
HSA 05  SED	Weiss Associates Emeryville, CA Joe Lovenitti 510-450-6141 email: jli@weiss.com	Electrochemical Oxidation	Whatcom Waterway, Bellingham, WA (Region 10)	Randy Parker 513-569-7271	Demonstration scheduled for Fall 2001.

SED = Sediment, S = Soils, GW = Groundwater, SW = Surfacewater, A = Air, FR = Fractured Bed-Rock
